No. 31.—SANITARY BOARD, KUALA KLAWANG.—Minutes of a meeting held on Friday, 19th December, 1902.

PRESENT: The Acting District Officer (*Chairman*), Mr. J. Gardner, Mr. Govindan Pillay, Mr. T. Kanapathi Pillay, Towkay Lim Sen Nam and Dato' Paduka.

1. The minutes of the last meeting were read and confirmed.
2. The Board proceeded to consider assessment claims for 1903, and a few claims for reduction were admitted.
3. Tenders for the pig-slaughter farm were opened, and the tender of Kim Poon chop Tek Kee, was accepted for \$65 per mensem, the prices of pork not to exceed 34, 32 and 30 cents, respectively.
4. A tender for lighting for 1903 was opened, and that of Lian Bee, the present contractor, for \$1.80 per lamp was accepted, this being the only tender and the same as the present contract.
5. Plans submitted by Seng Bee for three new brick houses in Kuala Klawang were passed, with a proviso that drains must be put in to connect with a drain at the back.
6. An application from Chan Choi, of chop Kong Loi, accompanied by plans, was considered, for permission to build new public gharry stables in Kuala Klawang and Titi, with brick pillars and tile roof, the Board to enter into an agreement not to issue other licenses for stables for licensed gharries for five years, and to undertake to enter into a further agreement for five years if the contractor carried out the conditions satisfactorily. The Board accepted these conditions and passed the plans, on the understanding that the floors of the stables were to be cemented.
7. It was decided to issue notices to the owners of those houses which have not got their 5-ft. way cemented in Kuala Klawang to have this done.
8. The Chairman called the attention of the Board to the fact that no provision is made in either Kuala Klawang or Titi for protection against fire, and it was resolved to ask the Resident to have provision made for this purpose in the Estimates for 1904, in view of the fact that the full rate of 10 per cent. allowed by the Sanitary Board Regulations is charged as assessment on both these townships.

H.C. ⁸⁰⁶⁴
1902

FEDERATED MALAY STATES.

STERLING SCHEME FOR APPOINTMENTS OPEN TO CADETS AND FOR PROFESSIONAL AND MISCELLANEOUS APPOINTMENTS.

[Approved by the Secretary of State (S. of S. Despatches No. 159 of 13th June and No. 329 of 24th of October, 1902) with effect from 1st January, 1903.]

1. The appointments open to Cadets are divided into six classes carrying sterling salaries as shown in appendix A. There are, in addition, five special staff appointments which may not always be filled by officers selected from the Civil Service of the Straits Settlements and the Federated Malay States, and four junior appointments open to Passed Cadets. The scheme for Professional and Miscellaneous appointments is as shown on appendix B.

2. The sterling rates of pay will come into force from the 1st January, 1903. Officers now in the service, whose appointments appear in the appendices, will be given six months from the 31st of August, 1902, to decide whether they will accept the sterling terms or not. Those who wish to draw sterling rates from the 1st of January, 1903, must notify their acceptance before the 15th of that month, otherwise those rates can only be drawn from the 1st of February. An officer having once made his choice will not be allowed afterwards to reconsider his decision.

3. Officers who were already on the Pensionable Establishment on the 1st August, 1901, may, on application, be granted the privileges of this scheme from the 1st January, 1903, except in those cases where the sterling salary would place an officer in a more advantageous position than one who is his senior in service. This applies particularly to the cases of those appointed as Junior Officers or Passed Cadets.

In all such cases the Government will exercise its discretion as to the transfer of officers from the appointments they hold to others of which the salaries will in no case be less than those at present drawn.

Similarly, where, as in the Public Works Department, the appointments have now been regraded, the Government will decide how far the holders of posts under the P.W.D. classification scheme, published in R.-G.O. Circular No. 19 of 1901, can be allowed to take advantage of the regraded sterling scheme.

4. Where the sterling salary of his substantive post is shown in the appendix as varying from a minimum to a maximum rate, an officer will come on to the scheme as though it had been in force at the time when he received the substantive post which he was holding on the 31st of August, 1902, or was permanently appointed to an office to which the same salary is attached.

5. Passed Cadets will draw £300 a year, and those who have not received a substantive appointment in class VI. will be allowed to draw £350 after three years' service as a Passed Cadet.

6. Promotion from one class to the next will depend on merit and the occurrence of vacancies rather than on length of service alone. Increments of salary can only be drawn in accordance with the terms laid down in R.-G.O. Circular No. 49 of 1902. The number of years' service on the maximum salary in one class will not count towards earning an increment of salary on promotion into the next higher class, unless the maximum salary in the one class is the same as the minimum in the class immediately above.

7. Sterling salaries will be converted into dollars at a rate fixed on the 15th of each month and based on the average rate of exchange during the preceding thirty days.

8. An officer appointed to act in an appointment of a higher grade will, when the half salary becomes available, draw half his own salary and half the minimum salary of the appointment in which he is acting.

9. When an officer who has chosen to remain on the dollar scale is acting for an officer who is on a sterling salary, he will receive half the dollar salary of his own appointment and half the existing or notified dollar salary of the post in which he is acting.

Similarly, when an officer on a sterling salary acts for an officer on a dollar salary he will draw half the sterling pay of his substantive post and half the initial rate of salary attached, in the sterling scheme, to the office in which he is acting.

10. It must be particularly noted that all persons serving on agreement are bound by the terms of their agreements and can have no claim to any of the benefits conferred by this scheme.

In the case of many of the professional appointments, the holders may originally be engaged on agreement and, if their service is satisfactory, may, at the option of the Government, be permanently retained and placed on the Pensionable Establishment, but, until the term of the agreement, or a renewed agreement, has expired, or has been cancelled by mutual consent, the officer concerned has no claim on the Government except as provided in his agreement.

11. The Government may at any time abolish any post in appendix A or B, and may temporarily or permanently add a post to either appendix; no officer now in the service of the Government, or who may hereafter join, will have any claim in respect of any such change.

12. It must be clearly understood that the Government is under no obligation to provide free quarters, except in the cases of Residents and those whose duties make it necessary for them to live close to their work.

Officers now in the service will continue to enjoy the privilege on the terms already laid down, but it must not be assumed that every post hereafter created will carry with it a claim to free quarters.

NOTE.—An officer drawing \$3,000, whose post is entered on the scheme at £480 or £540 rising to £540 or £600, would come on to the scheme at the minimum sterling rate and draw the first increment after three years' service in his present appointment. An officer on \$3,000, who had been five years in his present appointment, would, if that appointment were entered on the sterling scheme at £480 rising to £540, by two increments of £30 each, come on to the scheme at £510 and draw the maximum rate after serving another year in that appointment. An officer on \$4,800, whose post appeared on the scheme at £660 rising to £780, could, if he had been in the same office for six years, join at the maximum salary of £780, whereas an officer on \$5,400 with two years' service would, with the sterling salary of £900 to £1,020, join at £900 and draw the first increment after a further year's service.

By Command,

OLIVER MARKS,

Acting Secretary to Resident-General, F.M.S.

RESIDENT-GENERAL'S OFFICE,
