

A monthly bulletin of advanced manufacturing and material processing

ISSUE 29 - JULY 2016

Bulletin

AMMP & Zectron Raya Potluck

On the 19th of July 2016, AMMP and Zectron organized a raya potluck and invited staff, research assistants and associate members to join. The purpose of the gathering was to celebrate Hari Raya and also to strengthen the ties between everyone in AMMP and Zectron.

Dr. Sumsun Naher

On the 27th of July 2016, AMMP Centre has welcomed a very special guest, Dr. Sumsun Naher from School of Mathematics, Computer Science and Engineering, Department of Mechanical Engineering and Aeronautics, City University London, London. She has a very wide experience in innovative materials, manufacturing processes development, and characterization techniques. She is also an expertise in liquid and semi-solid processing, laser processing and finite element analysis.

One of our ammp staff brought Dr. Sumsun Naher to durian's stall.

Visiting professor, Professor Kiyotaka Wasa

Professor Kiyotaka Wasa was here starting from the 19th of July until 28th of July 2016. He has few slots of discussion with ULVAC on MFC installation, other than that he also share his knowledge with PhD and master students.

Bulletin

Corporate video project

Since the last 3 weeks, AMMP Centre and Zectron has been working to create a corporate video related to grant applications for the commercialized product. The project was handled by Dr Sayuti Ab Karim, Zectron manager and was assisted by Zectron engineer, Miss Yohana and AMMP technician, Mr Mustaqim.

CEO Techtalk Series 3

AMMP representatives, Mr Amir Farhan and Mr Mustaqim attended CEO TechTalk on the last 29th July 2016. The speaker is YBhg. Tan Sri Dr. Mohd Irwan Serigar Bin Abdullah, General Secretary of Treasury, Ministry of Finance Malaysia. The overall talk was regarding entrepreneurship, as the objectives is to encourage more university students and academicians to be part of Malaysia's global Entrepreneur Movement.

Visit from UMP

On the 2nd of August 2016, AMMP Centre and two researchers from UMP, had a discussion on the future collaboration of research in the field of "joining and welding".

The AMMP Centre was established in 2002 with the aim of strengthening research activities in advanced manufacturing material processes. The AMMP bulletin is produced periodically. It is distributed among lecturers, student and staff of University Malaya. By following our monthly bulletin, you will be kept up to date with the latest AMMP Centre news and activities. For research enquiries, contact us at 03-79675242 or email us at ammp@um.edu.my
