

Joint Seminar with Ehime University, Japan

Faculty of Engineering, University of Malaya has conducted Joint Seminar with Ehime University, Japan on the 5th of December 2016. Assoc. Prof. Dr. Andri Adriyana and Ir. Dr. Ching Yern Chee were among the six presenters from University of Malaya while nine presentations were from Ehime University. The seminar was chaired by Dr. Shaifulazuar Rozali. This MOU activity aims to share ideas among researchers from Japan and Malaysia.

Meeting with NGL Tech

On the 14 December 2016, Centre of Advanced Materials had hosted a meeting with NGL Tech at The Cube, Engineering Tower. The aim of this meeting was to share expertise available in the Faculty to match technical issues faced by the industry. This was a good opportunity to establish university – industry collaboration in the future.

AMPT2016 Post Mortem Lunch

On the 19th of January 2017, Centre of Advanced Materials has organized a post mortem lunch for AMPT2016 Conference committee members at the Mandarin Oriental Hotel, Kuala Lumpur. After working hard for several months, the AMPT2016's committee rewarded themselves by celebrating the success of this conference. We enjoyed the delightful food and wonderful moment during the lunch.

Courses offered by Prof. Dr. A.S.M.A Haseeb

One of CAM members, Prof. Dr. A. S. M. A. Haseeb has offered a short course on "Corrosion of Semiconductor Devices" to the engineers and managers of ST Microelectronics, Muar, Johor (7-9 December 2016) and NXP Semiconductor, Seremban (16 & 23 - 24 January 2017).

EM SPIRAL PLT

Leading through Evolution

Management Trainings, Consultancy Services & IT Solutions

This course was organized by EM Spiral PLT Company which is a training service provider. This has been a good opportunity to showcase UM's expertise to professionals in the E&E industry. Prof. Dr. Haseeb believed that this course will be helpful to the Engineering Faculty in finding new collaboration opportunities in the future.

Happy Chinese New Year 2017

Before the calendar turns a new leaf, we would like to take a moment to wish you a wonderful, happy, healthy and prosperous Chinese New Year. May the Chinese New Year 2017 give you loads of reasons to celebrate and have wonderful days that are filled with laughter and gaiety.
