

MEETING WITH ROLLS-ROYCE

16 Feb. 2017. In this meeting, Rolls-Royce shared their strategy and focus for R&D in the region including their involvement in Malaysia through the Aerospace Malaysia Innovation Centre (AMIC) and how UM could collaborate through this research vehicle. Assoc. Prof. Dr. Henk Metselaar and Dr. Nazatul were among the attendees of the meeting.

MATERIALS LECTURE COMPETITION 2017

22 Feb. 2017. Materials Lecture Competition (MLC) 2017 is back! To kick start the competition, a briefing session was conducted by Assoc. Prof. Dr. Andri for prospective participants. The aim of this competition is to enhance awareness among young scientists on the importance of materials science and engineering in our life. The competition will be held on March 8 to select our representative for the highly competitive National MLC 2017 in April.

CAM MEMBERS MEET UP

22 Feb. 2017. CAM monthly meeting was chaired by the Head, Assoc. Prof. Dr. Henk Metselaar. The opportunity to meet most members is always appreciated with warm and productive discussion. This year will be a busy year with many new activities planned. We look forward for our next meet up!
