

ACADEMIC ENHANCEMENT AND LEADERSHIP DEVELOPMENT CENTRE

(ADeC)

UNIVERSITY OF MALAYA

Greetings UM community!
We had a very hectic schedule in July as semester break is still ongoing.
Check out our activities last month below;

Managing Stress with Mindfulness

10 JULY 2018
CUBE, FACULTY OF COMPUTER SCIENCE
AND INFORMATION TECHNOLOGY, UM

The program utilize a scientific and practical approach to develop useful mental habits for achieving profound and long lasting wellbeing for peak performance. Trainer covered topics such as mindfulness as the foundation of Emotional Intelligence, emotional awareness, emotional regulation as well as how practising mindfulness in the workplace can boost productivity.

Trainer : Dr. Yeoh Khar Kheng, Universiti Sains Malaysia

Drawing to Innovate and Lead

15 JULY 2018
HIGH IMPACT
RESEARCH BUILDING
SHOWROOM

Drawing and doodling is one great way to get our creative juices flowing. This workshop allows participants to discover how they can use doodling to visualise (draw) and generate more creative ideas, solve problems and make better decisions. Whether they can draw or not, sketches and stories were all presented on the table by everyone. We hope you had fun, and keep drawing!

Trainer : Mr. Zaid Ali Alsagoff

Questionnaire and Instrument Validity

16 JULY 2018
LECTURE HALL 3, FACULTY OF
ECONOMIC AND ADMINISTRATION

This lecture focused on the questionnaire validation, which is a process in which the creators review the questionnaire to determine whether the questionnaire measures what it was designed to measure. Participants were taught on how to understand different types of constructs, identify the best validation process in their researches, improve their knowledge regarding suitable statistical method in validity, and applying the proper method of validity in their research.

Speaker : Dr. Mahmoud Danaee and Assoc. Prof. Anne Yee

SPeCTRUM Intermediate

20 JULY 2018
COMPUTER LAB, FACULTY OF SCIENCE

Dr. Zahir is back at it again for the third series of SPeCTRUM workshop (intermediate level).

SEM Using SMART-PLS

23 & 24 JULY 2018
COMPUTER LAB, MAIN LIBRARY UM

This workshop aimed at researchers who need to learn and use structural equation modelling analysis through SEM-PLS approach for their research. The course introduces Smart-PLS software for SEM-PLS analysis, where trainer covered topics such as assumptions of PLS, exogenous and endogenous variables, formative measurement models and evaluation of structural model.

Trainer : Dr. Mahmoud Danaee

Emerald Teaching and Learning

23 - 27 JULY 2018
RUMAH UNIVERSITI, UM

This five-day intensive course designed to equip UM academicians with basic skills vital to teaching in higher education generally, and in UM specifically. Some of the modules include Assessment Approach, Technical Pedagogical Content Knowledge (TPACK) and Feedback on Learning and Teaching. Participants were exposed to basic aspects of teaching, including basic philosophy and pedagogy, scholarship of teaching and learning, as well UM-specific aspects of teaching in higher education.

Utilising Learning Space for Interactive Learning
