

National Electrospinning Conference 2018 (NEC2018)

9 – 10 October 2018

Centre of Advanced Materials had organized National Electrospinning Conference 2018 (NEC2018) at Technology Malaysia Park, Bukit Jalil, Malaysia. The aim of this conference is to provide a platform for students, researchers, academicians and industrialist within the region to share their knowledge and works related to electrospinning technique.

Young Persons' World Lecture Competition 2018 (YPWLC2018)

11 October 2018

Mr. Andrew Ng Kay Lup, student from Faculty of Engineering has secured a 3rd place during the Young Persons' World Lecture Competition 2018 (YPWLC2018) held on 11 October 2018 at Port Elizabeth, South Africa. YPWLC is an annual competition organized by the Institute of Materials, Minerals and Mining (IOM3). The title of his lecture was: "*Bio-crude oil from lignocellulosic biomass: A zero-to-hero energy scenario*". The coaching team are the lecturers from Centre of Advanced Materials.

Teh Tarik Session

24 October 2018

The *Teh Tarik* Session was chaired by Dr. Nazatul Liana Sukiman. We really enjoyed the *teh tarik* while listening to her talk. Hope to hear talks from other members soon.

HRTEM Presentation

31 October 2018

Centre of Advanced Materials had organized HRTEM Presentation session on 31 October 2018 at The Cube, Faculty of Engineering. The invited speaker was Dr. Zhou Yilong (TEM Application Engineer, Thermo Fisher Scientific Shanghai Nanoport).

CAM Trips to Indonesia

3 – 11 November 2018

Centre of Advanced Materials had organized a research trip to universities and research centre in Indonesia. Some places we managed to visit were Institute Technology Bandung (ITB), Gadjah Mada University (UGM), Universitas Muhammadiyah Yogyakarta (UMY), PT. Pindad and PT. RAI. The visit was aimed to explore potential collaborative work in teaching and research, to exchange information and good practice in academic related matters relevant to Materials Engineering including curriculum structure and facilities and also to visit available laboratories and facilities.

Institute Technology Bandung (ITB)

Gadjah Mada University (UGM)

Universitas Muhammadiyah Yogyakarta (UMY)

PT. RAI

PT. Pindad

CAM Participate in UMRC

15 – 16 November 2018

Centre of Advanced Materials had participated in University of Malaya Research Carnival 2018 (UMRC2018) at Dewan Tunku Canselor, University of Malaya. One booth was allocated for our centre to display our current events and research activities.

Teh Tarik Session

27 December 2018

The *Teh Tarik* Session was chaired by Dr. Shaifulazuar Rozali. We really enjoyed the *teh tarik* while listening to his talk. Next *teh tarik* session will be continued in the next year.

Farewell Lunch for Prof. Ir. Dr. Mohd Hamdi

27 December 2018

ICoSEM2019 committee members organized a farewell lunch for Prof. Ir. Dr. Mohd Hamdi Abd Shukor. He will be appointed as Vice Chancellor at Universiti Kebangsaan Malaysia. Congratulations Prof. Ir. Dr. Mohd Hamdi, we are proud of you.

Centre of Advanced Materials would like to wish Happy New Year to everyone!
