Emerald Teaching and Learning

10 - 14 February 2020 | Rumah Universiti

We kicked off the first series of the famously overwhelming Emerald Teaching and Learning course in February. This year, we still maintain a number of 13 modules which need to be completed by participants. We sure had a lot of joy seeing everyone came around and gave their full commitments throughout the 5-day training. Thank you everyone!

27 February 2020 | ILR, ADeC

The ASEAN University Network Technology-Enhanced Personalised Learning (AUN-TEPL) Symposium which supposed to happen on 27 & 28 February 2020, but due to the outbreak of COVID-19, the symposium was held online instead! ADeC held the session in ILR for registered participants so they could still share their thoughts and opinions with colleagues. Kudos to technology which enable us to connect globally!
