1. The minutes of the last two ordinary meetings are taken as read and confirmed.

2. Matters laid on the table for the Board's information and approval:

(a) Returns: Revenue and expenditure, abattoirs, Public Works Department water consumption, Lux lamps, weights and measures and milk analyses under the Sale of Food and Drugs Enactment;

(b) Fifteen plans as per register;

(c) Three hundred and twenty-nine notices and one hundred and forty-five applications for prosecutions.

4. Application for electric light: The Board decides to recommend that the clock on the Anglo-Chinese School building, Ipoh, be electrically lighted free of charge.

5. Hawking of fresh meat: Applications to hawk fresh meat are considered. The Hon'ble Mr. A. N. Kenion proposes, and Mr. Goodman seconds, a motion to the effect that a trial be given to permitting hawkers, not exceeding five in number, to hawk fresh meat in the area south of Jalan Datoh and Chamberlain Road, Ipoh, on such conditions as the Chairman may think fit to impose after consulting the Health Officer. The Board agrees.

6. Pork-shops in Ipoh: The Chairman reports that from January, 1922, a licence has been issued to sell fresh pork in a shop-house in Leech Street, Ipoh. Since then two applications to open pork-shops in the same street have been received. A petition from the stall-holders in the Pork Market has also reached him protesting against the continuance of the existing pork-shop. Mr. H. C. Bathurst proposes, and Mr. H. J. Cooper seconds, that the new applications be not considered. The motion is declared as carried.

7. Closing certain roads to vehicular traffic at Batu Gajah: Correspondence is read and a plan referred to. The Board is of opinion that the section of road marked A-B only should be closed to vehicular traffic which runs from the junction near the Asiatic female ward to a point just beyond the dispensary.

8. Minutes of Town Improvement Committee: The minutes of the meetings of the Town Improvement Committee held on 20th June and 5th July are read and confirmed, the chief items being the following:

(a) Site for Tronoh English School discussed and approved.

(b) Widening of Anderson Road and portion of Tambun Road.

(c) Report of the Government Town Planner on the Silibin Road area.

9. Questions by Dr. W. A. Rogers:

(1) What progress, if any, has been made in the steps to prevent the flooding of Ipoh by the Kinta River?

(2) Will steps be taken to bring all the five-foot paths (verandahs) of the shop-houses in Ipoh town into easy access with one another wherever they meet by sloping down the connections if they are not on the same level instead of erecting steps to meet one another which latter often causes accidents to pedestrians?

(3) May I ask for improvements in the management of the houses for the dying if they cannot be closed down altogether?

(4) Will the Chief Police Officer inform the Board whether he is taking any action under the "Minor Offences Enactment" to prevent spitting in public places and whether there have been prosecutions during this year?

(5) Will the Board consider the advisability of passing a by-law similar to by-law 144A (which says that spitting is prohibited in bakeries) to apply to places such as coffee shops, grocers shops, lodging houses, cinema halls, theatre halls and other places where people congregate and instruct Sanitary Inspectors and Health Inspectors to prosecute people who expectorate in such places thereby helping the Police in the suppression of minor offences as in several other instances?

The following are replies or action taken:

(1) The Federal Council has just voted \$200,000 for a scheme dealing with the question.

(2) On the Chairman inviting discussion the general opinion arrived at is that slopes are more dangerous than steps.

(3) The sanitary arrangements have been found on inspection to be sufficient and satisfactory. These houses come under the definition given in Enactment No. 23 of 1922.

(4) The Chief Police Officer has written to say that there have been no prosecutions this year. The Police are instructed to take action when they see the offence being committed but it is extremely difficult to spot offenders. Instructions have been issued to pay particular attention to this form of nuisance.

(5) The matter having been decided in the negative at the last meeting it is not proposed to re-open the question.

10. Thinning out of densely planted trees: Mr. J. A. S. Jennings asks if it could be explained why the Health Officer has now power to order the thinning out of densely planted trees and if it is proposed to take steps to give him such power. The Chairman states there is no power under the existing law and such power could not very well be granted without having to consider the question of compensation.

11. Electric light bills: Owing to the growing tendency for consumers to delay payment the Chairman announces his intention to disconnect the supply of current in all cases where bills are not paid within seven days from date of receipt of bill as notified on the printed form of account.

12. The Board adjourns *sine die*.

Ipoh,
19th July, 1923.

A. J. STURROCK,
Chairman.

1. Minutes: The minutes of the last meeting are confirmed.

2. By-law 179: The Chairman informs the Board that the Resident is of opinion that it would be preferable to add to the proposed new by-law the words "or occupier" after the word "owner" (as was done in the existing by-law); since their provision would leave the question as between owner and occupier to the judgment of the Board and might prove useful in the case of absentee owners.

After some discussion it was put to the meeting and carried by four votes to three, nine members being present at the time.

8. The plans sub-committee having reported in its favour, the Board decides to pass no plans which do not comply with the Perak by-law No. 36A.

9. The report of the sub-committee appointed to consider the control of attap buildings, and to define areas in which they will not be allowed, is adopted by the Board.

10. The Board authorises demolition of Nos. 32 and 33, Sultan Street (Kling Street) by virtue of section 11, Sanitary Boards Enactment.

11. The owner of certain attap houses on portion 1,822 having failed to comply with an order to erect latrines, the Board decides to order demolition by August 31, 1923.

12. The Board agrees to the Medical Officer's suggestion that a dreadnought lamp should be placed at the Jalan Raia entrance to the hospital reserve.

13. The Assistant Commissioner of Police states that the lamp at the Simpang Lima junction is not in the best position to facilitate traffic control, and suggests that it should be moved about 10 feet towards the centre of the junction. After discussion the Executive Engineer and the Assistant Commissioner of Police are asked to report after further consideration, and also regarding the suggestion that a cut from Kuala Langat to Telok Gadong Roads be made by making up the road reserve, portion 234, section 30.

14. Mr. Vaner again refers to the inadequate accommodation for Indian children in Klang schools: the Medical Officer adds that the only Tamil school in Klang is too small and overcrowded and is without a playground. Decided to refer the matter to the Director of Education.

15. The Executive Engineer agrees to report upon the condition of the five houses in Kuala Langat Road which were recently closed as being unsafe.
