No. 6111.—By virtue of the powers conferred on him by section 10 (i) (a) of “The Ports Enactment, 1923,” the Resident of Selangor makes the following rule for the port of Port Swettenham:

The speed of all vessels when passing the craft engaged upon boring operations in the North Klang Strait in the neighbourhood of the port limit beacons shall not exceed six knots: speed shall be reduced at a distance of half a mile before passing these craft and shall not be increased after passing them until there is no danger of the wash of the passing vessel affecting them.
