I. In accordance with Section 2 of the Trade Facilities Act, 1924, arising out of the discussions at the Imperial Conference, the Treasury are authorised, subject to certain terms and conditions, to make a contribution of an amount not exceeding three-quarters of the interest payable in the first five years of the currency of a loan raised in the United Kingdom by or on behalf of any Public Utility undertaking in any part of His Majesty's Dominions. All payments under this section will be made to the Government of that part of His Majesty's Dominions. In no case will the Treasury contribution be paid direct to any Company or Municipality.

II. *The Capital sum on which the contribution is based will be limited to the cost of the materials to be purchased and manufactured in the United Kingdom.*

III. The Treasury have set up a Committee to advise them of the cases in which they can properly make contributions. The Committee consists of representatives of the Treasury, the Board of Trade, the Colonial Office, and the India Office.

IV. The Committee think it useful to indicate broadly the information which will be required at the outset:—

- (A) Details of the scheme with information as to the total cost and the part of the total cost in respect of which assistance is required, and information as to the economic justification or desirability of the project.
- (B) Evidence to show that the whole scheme can be financed, particulars of the orders to be placed in the United Kingdom and evidence that the prices to be paid for the same are fair and reasonable.
- (C) Evidence that the scheme is approved by the Government concerned and that the expenditure involved in the scheme is in anticipation of expenditure which would normally have been incurred at a later date.

V. In order that the Government concerned may be fully informed and their approval to the scheme obtained without unnecessary delay a duplicate copy of the application should be sent to the Government at the same time as application is made to the Committee.

VI. In the event of the Committee in their discretion requiring legal or technical advice in the consideration of any application the cost of obtaining such advice will have to be met by the applicant.

VII. In accordance with the Trade Facilities Act, 1924, the Committee wish to point out that this scheme is available only in respect of Public Utility undertakings which are defined as undertakings for providing and/or improving communications, drainage or irrigation or for providing power lighting or water. The Committee also wish to point out that the Act requires that the Treasury contribution shall be confined to loans raised in the United Kingdom. Particulars of the total amount and terms of the proposed loan, showing how such is to be obtained, will be required by the Committee.

No. 4509.—Minutes of an ordinary meeting of the Kinta Sanitary Board held on Wednesday, the 17th June, 1925.

PRESENT: Mr. A. J. Sturrock, M.C.S. (*Chairman*), the Chief Assistant District Officer, Kinta (Mr. H. C. Bathurst, M.C.S.), the Executive Engineer, Kinta (Mr. H. S. I. Smail), the Datoh Panglima Kinta (Che Wan bin Mohamed Yusof, M.S.C., J.P.), Messrs. A. N. Kenion, J.P., R. P. Brash, J.P., J. A. S. Jennings, J.P., the Hon. Mr. H. T. Jones, the Hon. Mr. J. H. Rich and Messrs. Voon Thian Soo and Lau Ek Ching.

ABSENT: The Protector of Chinese, Perak (Mr. A. M. Goodman, M.C.S.), the Chief Police Officer, Perak (Mr. V. G. Savi), the Health Officer, Kinta (Dr. J. P. Fitzpatrick, M.M.S.), and Messrs. Foo Wha Cheng and S. A. Sahib Jaun.

1. **Vital Statistics:** The Hon. Mr. J. H. Rich points out that the three diseases under the heading "principal causes of death" in the return for Ipoh do not account for the diseases causing the greatest aggregate number of deaths. In the absence of the Health Officer he is requested and agrees to bring the matter up again when the Health Officer is present.

2. The minutes of the last two ordinary meetings, having been passed by the Resident and circulated, are confirmed.

3. Matters laid on the table for the Board's information and approval:

(a) Returns: Revenue and expenditure, abattoirs, Public Works Department water consumption, Lux lamps, weights and measures and milk analyses under the Sale of Food and Drugs Enactment;

(b) Sixteen plans as per register;

(c) Six hundred and sixty-one notices and one hundred and twelve applications for prosecutions.

4. Return of births and deaths for May, 1925:

	April, 1925.	May, 1925.	May, 1924.
Births	80	96	86
Deaths (corrected)	50	49	52
Death-rate per mille	14.25	13.93	15.24
Infantile death-rate per 1,000 births	212.5	62.5	104.65
Principal causes of death:			
Malarial fever	1	3	3
Pulmonary diseases	13	14	12
Bowel diseases	3	2	8
	Inches.	Inches.	Inches.
Rainfall	11.6	6.46	11.48

5. **Water-rate to be paid by lessees of Government laundries:** The Chairman reads the letter he has written to Government on the subject.

6. **Water-rate payable by institutions under the control of the Board:** The Chairman announces that the Government has decided that 25 cents per thousand gallons will have to be paid by the following with effect from 1st January, 1926: (1) abattoirs, (2) septic tanks, (3) dairy, (4) cattle sheds at dairy, (5) Ipoh Town Hall, (6) Sanitary Board garage, and (7) public bath-houses. In Kuala Lumpur the rates are abattoirs 20 cents per thousand gallons, dairy and cattle sheds at dairy \$10 per mensem. The Town Hall supply is not metered and therefore no charge is made. There is no septic tank and garage supply. The Chairman is asked to repeat his demand for figures showing the capital cost of the Kinta waterworks and the basis on which the rate required to be paid by the institutions referred to above has been arrived at.

7. **Motor car stand, Lahat Road, Ipoh:** Pending other and more permanent arrangements the Board agrees, as a temporary expedient, to the extension of the dwarf wall from Lahat Road to Belfield Street as per plan submitted for inspection.

8. **Proposed motor car stand near Ipoh Railway Station:** The letter to the General Manager for Railways and his reply are read. The Chairman is requested to communicate again with the Railway Administration asking for explicit reasons for refusing to permit an experimental stand on the railway reserve especially as the erection of a structure of any kind is not involved in the proposal.

9. **Motor show room at No. 41, Station Road, Ipoh:** It is decided to extend the licence for the storage of motor cars to the end of the current year.

10. **Duties of Health Officer, Kinta:** As the result of further correspondence the meeting is informed that the Health Officer is to control the details of health matters subject to the administrative general control of the Board. The General Order defining the duties of the Health Officer is in accordance with orders from the Colonial Office. The change, however, is not to take place until after the submission of a scheme of work to be approved by the Board. So far the Health Officer has not prepared the required scheme.

11. **Railway Hotel Annexe, Ipoh:** The Railway Administration, while informing the Board that it cannot definitely state whether the hotel annexe will or will not be constructed, decline to surrender the site for other purposes. The Board is of opinion that the attention of Government should be drawn to the matter and a decision asked for as to whether the site in question should not now be declared to be State land.

12. **Widening asphalted surface of roads:** It is decided to bring to the notice of the State Engineer the urgent necessity of dealing with the principal roads within, and the stretches leading to or from, Ipoh, and to ask him favourably to consider the suggestion and obtain funds, if such a course is necessary, to carry out the work.

13. **Open space in front of the Railway Station, Ipoh:** It is decided to complete the curb at a cost not exceeding \$800.

14. **Draft Sanitary Boards Further Amendment Enactment:** Consequent on the statement that large sums of Government money have been expended on permanent anti-malaria works at Kuala Lumpur, Taiping and Seremban and comparatively little or nothing on the towns in Kinta, consideration of the Bill is postponed to the next meeting, in order to give time to the Chairman to ascertain the amount asked for and the amount provided for permanent anti-malaria works for Kinta for the year 1925.

15. **Assessment on railway property:** The Board agrees with the action taken by the Chairman who has inquired whether Government proposes to consider again the question of imposing assessment on railway buildings and lands.

16. **Public Works Department Budget, 1926:** A letter from the Secretary to Resident is read in which it is stated that the amount of services which can be entered is limited by the amount of money available and that no deletions will be made which are not considered absolutely necessary.

17. **Prospecting licence, Sungei Trap:** An application covering an area of which a portion is within the Sanitary Board area of Batu Gajah is submitted by the Health Officer for the consideration of the Board. It is decided that it is a matter that might be left entirely to the Health Officer to advise upon.

18. **Septic tank installation for new Chartered Bank building, Ipoh:** The Chief Sanitary Inspector attends and explains the plans. On a show of hands they are approved by seven votes to three.

19. **Appointment of Water Inspectors:** In view of the large increase in the consumption of water in Ipoh, which the Executive Engineer brings to the notice of the Board, it is agreed that information be obtained from Singapore and Penang as to the staff employed for the purpose of detecting waste. It would appear to be necessary to employ one or more Water Inspectors in Kinta.

20. Additional stables, Ipoh Gymkhana Club: The plans are passed subject to the Health Officer's requirements being satisfied.

21. By-law relating to thickness of walls: The Board agrees with the Chairman that the by-law is in need of revision. He is asked to obtain information from Singapore, Kuala Lumpur and elsewhere, if necessary, and submit his proposals as soon as possible.

22. Cattle straying on main roads: Mr. H. C. Bathurst brings to notice the danger on main roads at night, the Ipoh-Batu Gajah road in particular, due to cattle straying thereon. It is decided that the Chief Police Officer be written to and asked to take vigorous action.

23. Sanitary Board notices: The Hon'ble Mr. H. T. Jones suggests that notices to paint and limewash issued for a particular town or village be spread over a series of months. He instances Siputeh where notices giving a period of one month were all issued on one and the same day. With only one painter residing at Siputeh, others from elsewhere had to be engaged involving increased expenditure by owners and tenants. The Chairman points out that with a limited number of Sanitary Inspectors in the outstations who each has charge of more than one town or village it would mean increased inspection visits with increased transport expense to alter the present system. Applications for extension of time are, as a general rule, readily granted.

24. The Board adjourns *sine die*.

IPOH,

18th June, 1925.

Chairman, Kinta Sanitary Board.

No. 4511.—SANITARY BOARD, KLANG.—

The minutes of a meeting of the Klang Sanitary Board held on Saturday, the 20th June, 1925.

PRESENT: The *Chairman* (Mr. F. W. Douglas), the Harbour Master (Lt.-Com. R. C. Hayes, O.B.E., R.N.), the Dato Stia di Raja (Inche Abdul Razak, J.P., I.S.O.), the Medical Officer (Dr. J. G. Castellain), the Health Officer (Dr. M. J. Graham) and Messrs. C. Graham-Brown, K. A. Vaner, Lim Hin Kiong, Kow Tiam Chuan and Dr. W. Ansley-Young.

IN ATTENDANCE: Mr. W. F. Lamonby, O.C.P.D., Klang.

ABSENT: The Assistant Commissioner of Police (Mr. J. D. Hussey), Mr. H. A. Wootton and the Executive Engineer (Mr. W. H. Morgan).

1. Arising out of the minutes of the previous meeting:

(i) The Chairman draws the attention of the members to paragraph 13 of the minutes and states that the prosecution instituted against these street-stall holders was for a different offence to that stated by Mr. Lim Hin Kiong and in the circumstances he could not apply to the Honourable the British Resident for a remission of these fines. Mr. Lim Hin Kiong withdraws his original resolution.

(ii) Para. 6 of the minutes—cancellation of contract for cattle-pen, Port Swettenham, and calling for fresh tenders. The Chairman informs the Board that no tenders had been received.

2. The minutes are then read and confirmed.

3. Decided to approve the application of Messrs. The Precision Motor Co. for a petrol dépôt and pump in their premises in Meru Road.

4. Decided to allot the use of a portion of the triangular recreation ground between Kapar and Meru Road (sufficient for a grass Tennis and a Badminton Court) to the Coastal Indian Association for a period of one year from date.

5. Disposal of night-soil, Port Swettenham: The Chairman, the Health Officer and Mr. Graham-Brown refer to the unsatisfactory method of disposing night-soil into and the washing of buckets in the Sungei Aur River. Considerable difficulty and nuisance arise especially at low tide. The Health Officer has agreed to the use of the tanks at the Quarantine Camp, but in order to do so a roadway has to be made and concrete floor for washing buckets. Estimated by the Executive Engineer to cost \$2,000. This arrangement would be a permanent method of disposal. After discussion it was decided to ask the Government for a special vote of \$2,000 for this purpose.

6. Condition of the road between Kuala Lumpur and Port Swettenham: In reply the Government state that this matter has been and is receiving special consideration. After discussion it was decided to ask the Executive Engineer to make suggestions to improve the Klang to Port Swettenham section by widening the earthwork formation.

7. Decided that no remission of conservancy fees can be approved for theatre halls unless notice of vacancy in writing is given and there is no one living in the premises.

8. Proposed additional by-law to assist poor people in submitting plans to the Board: Decided to reply that it is not clear, what class of people it is intended to benefit. The experience of this Board was that pencil sketches were sufficient for attap houses and if approved temporary licences under by-law 35 were issued for a number of years.

9. The following written questions by Mr. H. A. Wootton were then read:

(i) I would ask for information in regard to the Board's application for a special vote to be made during the current year for the purpose of making a start with the Electric Light Scheme. If the British Resident has not sanctioned this expenditure, I would ask you to be good enough to arrange for a deputation of the unofficial members to interview the Resident on this matter.

(ii) I would like to know what arrangements Government have made as regards replacing Mr. Hort, who acted as Secretary to the Board. I would draw your attention to the fact that the Board were promised a Secretary many years ago.

(iii) I am informed that mosquitoes are very bad in the Klang Rest-house at the present time, and would suggest that the Medical Officer be asked to report.

The Chairman replies:

(i) That the Honourable the British Resident has inserted the Electric Light Scheme in the estimate for 1926 but that until the scheme is approved, a special vote in 1925 could not be given.

(ii) Mr. C. J. H. Lowe, the Assessment Officer, had been appointed to act as Chief Sanitary Inspector in addition to his own duties.

(iii) The Health Officer was giving the matter his urgent attention and anti-malarial measures have been and are being taken in this locality.

After discussion it was decided that a deputation of unofficial members ask for an interview with the Honourable the British Resident on the question of making a start with the electrical scheme this year. Mr. Graham-Brown suggested that the question of a Secretary be taken up at the same time.

10. Mr. Vaner again refers to the inadequate facilities for Tamil vernacular education for Tamil children in Klang. He mentions that in Kuala Lumpur the Government have approved four more Tamil schools. He supports his request with census figures. Some discussion follows—the Chairman mentions that he has asked for a trade school for Klang in the 1926 Budget. It was suggested that Mr. Vaner take up the matter with the Director of Education.

11. Questions by Mr. Kow Tiam Chuan:

(i) That the Board should clear the State land in front of the Chinese cemetery at Meru Road. Agreed.

(ii) That the Board should insist upon the notice to provide proper concrete outlet from Tan Kah Kee's Rubber Factory to the river. Agreed.

(iii) That the Board should allow the Chinese theatre in Harper Street to be converted into cooly lines. The Chairman points out that this is in the factory area. The Board decided that could not change their policy.

(vi) That the Board should not enforce demolition of Nos. 34 and 36, Main Street, for three months. The Chairman points out that the Executive Engineer reported that the wall of No. 34 was in danger of collapsing and he had drawn the attention of the owner who had promptly given notice to his tenants to vacate. The Board decided that it could not accept the responsibility for allowing these houses to remain.

12. Mr. Vaner asks if the bunding scheme at Kapar Road is approved: The Chairman replies that the Mosquito Destruction Board intend to make the bunds as far as Sungei Binjai. He also asks that steps be taken to close the wells along Kapar Road.

13. Decided to approve the island at Tunku dia Udin Street: Mr. Vaner points out that rickshaw pullers are in the habit of sitting at the corners facing the islands. The O.C.P.D. promises to look into the matter.

14. Mr. Lamonby mentions the question of stand for motor lorries and the Chairman replies that the site near the Sanitary Board store is now an approved lorry stand.

15. Mr. Lamonby brings up the question of Chinese wayangs and boy actors and reports several breaches of the peace owing to these child performers. Discussion follows and it is decided to make enquiries as to what is allowed elsewhere and in the meantime to require licensees to employ police constables to keep order.

16. It is decided to draw the Executive Engineer's urgent attention to the condition of the drains at Port Swettenham reported on by the Health Officer and Mr. C. Graham-Brown in S.B.K. 25/25 and K.P.W.D. 15/25 and to ask him to have items 6, 7 and 9 dealt with early.

17. Mr. Hin Kiong brings up the question of rickshaw fares and suggests the provision of a tariff card to each puller and it is decided to refer the matter to the Registrar of Vehicles.

18. Mr. Hin Kiong asks the Board as to the advisability or otherwise of allowing vegetable refuse gas to be used in dwelling-houses for purposes of lighting and refers to the installation at Yamato's in Rembau Street. The Health Officer is deputed to visit and report.
