4. Water supplies, Kinta: A letter from the Secretary to Resident is read in which it is stated that nothing can be done without the fullest investigation as a preliminary. 5. Cheap dwellings, Kampar: An application from K. Rahimansah Rawther to build fifty cheap temporary houses on lot No. 20,494, Kampar, if allowed for a period of not less than ten years, is considered. The principle is agreed to by the Board, details being left to the Chairman to deal with.

7. Estimates, 1926, Other Charges, Kinta Sanitary Board: The Chairman announces that the Board's request at the July meeting for reconsideration of certain items that were disallowed had now, on the Resident's recommendation, received the Chief Secretary's sanction for insertion in the Estimates, 1926.

9. Demolition of an attap house at Batu Gajah: The Magistrate, Batu Gajah, having ordered the demolition of attap house No. 14A, Kampong Dhoby, Batu Gajah, by the owner thereof and as he has absconded without doing so, the authority of the Board is sought under section 11 of Enactment No. 13 of 1916 to cause such act to be done. The Board authorises.

10. Fee for use of Town Hall, Ipoh: The Officer Commanding "C" Co., M.S.V.R., writes again asking for reduction of the fee for a dance to be held in the Town Hall, Ipoh, on 26th September. It is further decided to ask that the Board be vested with greater authority in the matter of the fee to be collected for the use of the Town Hall.

An application for the free use of the Town Hall on 7th November, 1925, the proceeds of which entertainment are to be devoted to the "Poppy Day" Fund, is acceded to.

Langworthy (representative)], the Protector of Chinese (Mr. A. B. Jordan, M.C.S.), the Collector of Land Revenue (Mr. G. A. de C. de Moubray, M.C.S.), the Lady Medical Officer Dr. (Mrs.) M. J. Were, Mr. J. L. Sime, Mr. Khoo Keng Hooi, J.P., Mr. Yap Tai Chi, J.P., Dr. E. T. MacIntyre, J.P., Mr. M. Cumarasamy, Raja Uda.

ABSENT: Mr. Loke Chow Thye, J.P., Mr. H. B. Talalla.

IN ATTENDANCE: The Acting Secretary (Mr. P. M. Carrier), Representative of the Press.

1. Minutes: The minutes of the previous meeting, having been circulated, are taken as read and confirmed subject to the following addendum being made after the full stop in line 7, paragraph 9, page 4: "The Chairman states that every effort will be made to reduce the cost of the service."

2. Application by Yap Foong to store dangerous petroleum at Kepong: A plan of the area of State land on which it is proposed to install the bin is submitted and the Board decides that reference should be made to the Collector of Land Revenue asking if he can allocate two sites.

3. Applications for petrol filling stations on State land in Kuala Lumpur: The Chairman explains the position of the Board in regard to petrol filling stations on State land in Kuala Lumpur. The Board discusses the matter further and on the proposal of the Protector of Chinese, seconded by Mr. Sime, the following resolutions are put to the meeting and carried:

(1) That, where it is considered desirable to have a petrol filling installation on State land, this Board favours the granting of licences for such installations in future to the nominees of the importing firms, who will be responsible to those firms, at a monthly rental of \$20 in all cases.

(2) That, in the town of Kuala Lumpur, in situations suitable for two petrol filling installations, the Board requests the Government not to allot both sites to the nominees of one importing firm.

(3) That, in the town of Kuala Lumpur, the Board requests the Government to reserve such a number of single sites for the Standard Oil Company's nominees as have already been allotted or shall be allotted to licensees retailing the Asiatic Petroleum Company's petrol.

The Collector of Land Revenue, seconded by Mr. Khoo Keng Hooi, proposes that it is desirable that, in the course of the next few years on the expiry of licences, the opportunity be taken of re-assessing the monthly rental according to the relative value of sites. Carried.

4. Proposal by Electrical Engineer to erect a sub-station near junction of Ampang and Circular Roads: The Board has no objection to the proposal.

5. Application for licence under by-law 202 (c) to manufacture soap at premises No. 20, Chow Kit Road, Kuala Lumpur: Mr. Yap Tai Chi draws attention to the fact that a similar application by him some time ago for soap making at premises in Cheras Road was turned down by the Board on the ground that such business should be carried on in the factory area. It is decided to leave the matter with the Health Officer to make his recommendations.

6. Balance sheet of the Electrical Board for examination—Finance Committee's report: The meeting is informed that the Kuala Lumpur account shows a net revenue of \$30,185 in 1922, \$45,572 in 1923 and \$71,678 in 1924. After a short discussion the Protector of Chinese, seconded by the Executive Engineer Town, proposes that the balance sheet of the Electrical Board for 1924 shows that the net revenue is such that the charges made for the supply of electrical energy to consumers should be reduced. Carried.

Mr. Khoo Keng Hooi, seconded by Mr. Sime, moves that the Government be asked that the net revenue of the Electrical Board earned within the Kuala Lumpur Sanitary Board area be credited to the Sanitary Board, Kuala Lumpur. On a show of hands the motion is carried by 5 to 4.

7. Conservancy fees: Mr. Khoo Keng Hooi states that he has had very little time since the last meeting to consider this question and would ask the Chairman to make an endeavour to cheapen the cost of the service by establishing more trenching areas in different centres so that the cost of transport may be reduced. The Chairman states that the matter is having his attention.

8. Plan of proposed sanitary installations and septic tank to be built under the back lane of 1, Market Square: The Board decides to postpone consideration pending further enquiries.

9. To consider alteration to rule 23 of "The Petroleum Enactment, 1914": The Board is not prepared to agree to the proposed alteration in the absence of expert advice.

10. Reply to Raja Uda's question No. 2 asked at the Board meeting on 2nd September, 1925:

Question: When is the new Electrical Power Station likely to be completed?

Answer: In letter E.B. 6 in 92-25 it is stated "that the contract date for the erection of turbines in the new power station is the end of April, 1926, but changing over the supply system from the old station can only be done by degrees and it will probably be late in 1926 before the whole supply is taken on at the new station."

11. The following plans are passed:

STANDARD MODEL No. 12.

The "Imperial" is fitted with typically British characters—not found on foreign typewriters—96 in all, 12 more than usual. Visible writing on which the light is thrown whatever the position of the machine. Typing to the extreme top or bottom of the paper or card used. Unfailing regularity in the spacing and alignment of the writing.

The "Imperial" Typewriter is now becoming known as the most up-to-date and convenient machine on the market; the construction of this machine is extremely simple, having fewer parts to get out of order than almost any other. It is very strong and yet not bulky.

These three illustrations show the simple method of removing the Type Units. (Vide Instruction Book.)
